Goldiskey. taking liberties. 2020

Hi, Goldiskey!

It is, like everything else/other in conscious-ness, it simply depends on where your 'view-point' is? In which direction you, conscious-ness, happen to be staring at the 'time?'. At the battle of Agincourt, the English Army defeated an overwhelming French Army, because English army had over 80% of archers in their ranks (English Long Bows). At the time, after the battle, they, the English, thought that the long-bow, was the weapon = to end all wars? After the first world war, the great war, 1914-1918, people said, that it was the 'war to end all wars', and after the atomic bomb, people said, that conventional wars, would be finished.

During these times, and times like them = civil wars, international wars, wars of independence, wars of equality, wars of freedom, etc, etc. Persons individual and the Collective perception of what 'is', becomes 'focused', and what they would not have 'accepted' or 'tolerated', in the 'short time' before, would be/become the 'new norm?' After the 'conflict'.

These things 'happen' during the very large 'cycles' of time, which is expressed as; rising/falling of dominance and diminution. This is what is called, in our 'case', bio-diversity, where some species make it and some don't. Usually it is the higher/dominant type/kind of species, that diminishes first, simply because of the 'grater numbers', and when they have fallen, then those 'other' species come to the fore; put simplistically, dinosaurs die – mankind rises – mankind dies – and xxxx rises?

Fortunately, because of recorded history, anyone can read/see how other global pandemics affected/effected the human species, and how those who survived, flourished? Usually, pandemics are caused/created by/with rapid movement/deployment of persons/individuals in rapid or great numbers.

Roman Empire troops, when returning from the Near East, brought plague back with them.

In the 14th century, the 'Black-Death' pandemic of Europe, came about.

There was the Northern war plague, from 1700 to the 1720's (Part of Chinese Pandemic.)

Even the great plague of London, reduced the population of London by 20% (1665-1666)

Plague of Athens, in the year 430.

Plague of Justinian, the pandemic of 541-542 in the Byzantine Empire.

In Moscow (1771), there was a 'Plague Riot', caused by the 'bubonic plague'.

In China (1855) a major plague pandemic was called 'Third Plague Pandemic'.

And, of course? There is every one's favourite (because it is the most recent and most deadly!). The 1918 Pandemic, the Spanish Flu, 1918 to 1920. Infecting 4 to 500 million people (quarter of the world's population, of the day). Of those 'infected', the figures, although being wild/large, they were, self-evident, that large numbers of individuals 'died' (Between 20 to 50 million, with some suggesting that it was possibly as high as 100 million, thus, making it, 'Spanish Flu', the deadliest of 'pandemics' to date.)

So, armed with this knowledge/knowing/history, the actual, factual, literal present day 'Pandemic', is put/placed into perspective, from a generalised population/species kind of perspective = but... for those individually/personally affected/touched by the/this/any 'virus', not so!! As the 'perspective' at this 'stage' is now personal/individual. (Pandemic = is to 'do' with 'how wide spread' the virus is, and not with those 'infected')

As an 'occultist?', an individual would have to 'project', to a 'higher place/point of view/conscious-ness', and from a 'place of recognition', see/how or where or what possibilities and probabilities, of the 'viral spread' of any 'virus' is going to have/impact, on the 'existing societal structures' and how the/that 'community/nation' identity(?), will/shall survive? As these too, nations/communities, are 'living organisms?' This is where Ophiel's; How to become a 'Power' in your Town, Job, Club, etc. Comes into play. The 'reason' of/for this, is because there will now be 'vacuums/empty spaces', where there used to 'be', large numbers?

It is, of course, to these 'vacuums/empty spaces', where the 're-structuring', of the Nation/Societies, are going to be re-arranged, re-organised, re-deployed and, in the present 'case' of 'civil liberties?', do people/individuals 'accept this/these' as permanent or necessary, so as to 'move on?', remembering/recalling always, that the 'alternative?' is DEATH!?! And this is where, those 'in charge?', get their 'leverage?'.

An individual, wishes to go 'sun-bathing?' with friends and family, to the beach = absolutely!

= go for it! = but... under the present circumstances, the 'alternative' is DEATH!?!

An individual, wishes to go to a 'ball-game?' with friends and family, = absolutely! = go for it! = but... under the present circumstances, the 'alternative' is DEATH!?!

An individual, wishes to go to the bookmakers, the pub, the club, the park, the neighbours, the family birthday party, the grandparents, the office, the factory, the concert, the whatever? = absolutely! = go for it! = but... under the present circumstances, the 'alternative' is DEATH!?!

In the present circumstances, the individual doesn't know(?), if they are a 'carrier' or, if they are a 'potential victim'!?! But... what they do know, do understand(?) = is that the alternative = IS DEATH!?! A very, very, real possibility!?! Although 'absolutely' everything is possible!?! Not everything is probable!?! But... Do you? Wish to take that 'chance?'. Do you, the individual = wish to take that 'chance?'.

Ophiel writes in his third book: The Occult; that some of the life lessons to be learned here (Physical Plane), are: Pre-thinking, Pre-planning, Pre-rehearsing, Pre-pairing and Common Sense.

So, can the individual see 'themselves?', washing their hands regularly?

So, can the individual see 'themselves?', wiping down hard surfaces regularly?

So, can the individual see 'themselves?', social distancing regularly?

So, can the individual see 'themselves?', socialising regularly?

Remembering, that the 'alternative' to not doing/following these simple rules/things; IS THE 'POSSIBILITY' OF DEATH!?!

It is, as Ophiel writes, that the tattva forces are 'impartial' (Blind-Forces, Natural-Forces), which can/do 'erupt' in any 'combination', and there is/are many, many places in/on the actual earth itself, which can (and most probably will), bring the human species to the 'brink of extinction' (Yellow Stone National Park. Deccan Trapps. San Andreas Fault, and of course, those eruptions of Iceland.) In events like these, social behaviour, is 'controlled',

through the 'food-chain' first; if the 'food-chain' breaks, then 'civil-law' breaks, then 'institutions' break, then 'societies break', but... we are 'nowhere near!', not even 'close!', to such an 'event'.

This is where the 'individual perception/understanding' comes into play, and there is/are many well informed persons/individuals, in all governments, who have come up/through the 'academic', 'scientific', 'institutional' routes, who advise(?), the current 'batch' of elected (administrative), politicians of the 'day', who make the 'policy decisions', about 'how' these things = pandemics, viruses, natural disasters = are treated/handled!?! Given that they are now 'all' saying(?), that they are 'following' the, 'current scientific advice?', which is, of course, a complete and total lie. One of the 'main reasons' why(?), governments were so 'slow' in action/moving, was/is = because of the money!?! Even now! To this day! They, the politicians are talking about 'easing' the 'restrictions?', hoping that the 'sheep = electorate', will/shall 'accept(?)', that, even though the 'alternative?' IS DEATH!?! You, the 'individual' have to 'get out there?' and 'keep the engine = economy?' going?

Well, in 'all' wars, some must 'fall', and in 'some' changes, 'all' must 'accept' = because the 'alternative' = IS DEATH! Now, depending on how 'robust', the Tattva Forces are, in the 'institutions' (fixed 'points') of the country/state, then the 'group conscious-ness' (populace), will/shall 'gravitate' once again, around them (the 'institutions'), and 'life/living' will/shall = just go on? = as it has done, in the past! = as regards 'civil liberties?' = these also! = rise and fall = according to the 'group perception' of the day? For instance; It is only in the recent (very recent!?!) past, that people/individuals have taken up 'hygiene?' (washing themselves?), and, if you look carefully, over history, you will/can/shall, be able to see/read, that as far as 'Pandemics' go, this one, has a 'long way to go yet' before it beats some of the past ones.

Civil liberties are 'fought for', and 'change' over time/perception, of the 'whole', but... when the, alternative is Death!?! Common sense, must(?) prevail!?! It is the 'Final Effects' of the Tattva forces, which are being played out, here (physically) and just like any 'bad weather', these 'storms' come and go, with some of them being 'severe' (like this one), but nowhere 'near', not even 'close' to the, Spanish Flu Pandemic!?!

Many businesses that were 'marginal' have now 'closed', because the owners of such businesses, were not fortunate enough to have enough 'cash-flow', to carry them through the 'crises'; possibly having 'maxed out', in their 'credit level/Debt level?', does this 'mean?', that those who were waiting/hoping for an 'opportunity?', to start-up, can now, step-in, and take over, what was/is, a 'profitable' business, and because of a 'better' cash-flow, low debt,

situation, take 'advantage'?? (This, 'opportunistic', taking 'advantage of the situation', was done by the 'serfs' in the 1340's after the 'Black Death' Pandemic) This/these things, are also, Tattva.

As more and more 'species' = come together = that were once before 'separated' by/with environment and geology = the 'chance' (Possibility versus Probability!), is stepped-up/increased, and so the 'chances' of 'viral contamination' and 'viral combination/variation', are greatly increased/enhanced, and in this 'case' = Corona Virus-Covid-19 = was able to 'jump' the 'species barrier', to be/become another SARS outbreak! (SARS = Seriously Affected Respiratory System) Bird Flu, Swine Flu, Legionnaires Flu, etc, all part of the 'Corona Family'.

Europe, coming to the Americas, wiped out, total indigenous peoples with, 'small-pox', 'chicken-pox' and/or 'measles' and then they 'moved in' and took 'advantage' of the situation. These 'Tattva-Flows' = rising/falling, increase/decrease, are very easy to see/read about, in history, in any 'field', that has 'recorded' history, but... it takes a 'creative' person, to 'see ahead', to where these 'Tattva-Flows' are 'going' strongest, longest and what advantages/disadvantages are to be 'had?', in the current time/now time?

Most Governments, are 'playing it', as a 'war' scenario, where 'National Identity', is being 'attacked', and the 'Nation' must 'pull together' to get 'through it', and how everyone is 'involved', and, as usual, those on the 'front line' are being 'hailed as hero's' as they can be 'struck-down', whilst simply doing/defending the Nation/Populace, against the 'enemy!?!'. National-ism, Symbol-ism, Patriot-ism = deflection from the 'gross-mistakes' of the, Present-Day Political System/Systems!?! (In all countries now affected/effectuated/infected!?!)

So? The 'real' question(?), is? Are people/persons prepared to 'risk', the/their 'Civil Liberties?', given that the 'alternative' = IS DEATH!?! Stuck in/on an Aeroplane, breathing the same 'oxygen/air' as the other two/three hundred passengers? Stuck in/on a Train, breathing the same 'oxygen/air' as the other passengers, in the carriage? Sitting in the back of a 'taxi cab?', breathing in the same 'air' as the driver, other passengers? Shaking hands? Not knowing if the other person has just been to the 'toilet?'. Visiting Family, In-laws, Relations, Friends, etc, etc!?! Going to school? Working in schools? Working in hospitals!?! Working in care homes!?! The list goes on and on!?!

Covid-19, has 'fired' its first 'salvo', and struck down many, and struck down many

'randomly', as it 'exploded', all around the world, but... governments and the populace, have now 'come together', to 'fight back/react', to this. Each nation, amongst the various Nations, of the world, have 'caught a cold?' and many, have/are 'suffering', because of this. So, new 'protocols' are/have been put in place, and these 'protocols', may/might/could 'impact' long-term/short-term, on 'social' behaviour, which could be 'perceived' as an 'attack' on 'civil-liberties', and yet? The 'alternative' hasn't changed, nor is it 'going-away', any time soon.

Tattva 'forces' were/are seen/viewed as Cosmic/Universal, and as such, in modern times, they are referred to, as, 'very large numbers. In Ancient times, they were referred to, as Gods? In modern times, they are referred to, as Circumstances? But... the actual, factual, literal 'forces' are very 'fluid', and are only 'contained', in/by/with psychological **tactile-feeling**, which drives, the outer physically physical body to 'move/use'. This/these types/kinds of things, are better 'understood', from personal/individual 'experience' and depending on the individuals 'personal' acquired 'skill-set', this will/shall 'determine' the/their 'personal/individual' = outcome!?!

So, hard as it may 'seem?', the actual, factual, literal 'technique?' is; That of Arik-Anpin (Conscious-ness) and = Where? How? And What? = IT = Conscious-ness = is 'staring-at?'!?! Because?? = Whatever Arik-Anpin IS, staring at!?! This is, what Zoar-Anpin? = is going to be = psychologically = **tactilely-feeling** = which in turn = will/shall 'move' = the/your physically physical body!?! Long-term/Short-term, whatever 'civil-liberties' are 'restricted', will be/shall be 'determined' by/with the 'people', as is/was 'proven' when they tried and failed, with prohibition of alcohol, and sexual intercourse with aids, and now, social distancing with covid-19?

The present writer is looking forwards to seeing the first ball-game, soccer match, concert and pub gathering, after the lock-down is over? This will/shall 'tell us?', how/what the 'collective' conscious-ness = view point IS!?!

Imagine being at a concert, where several hundred's/thousands of people are gathered and all of them are wearing 'face masks?' How many women, who wear the 'veil' every day, will be 'laughing' then!?! Do actors 'kiss?' when in the movie?

Imagine sitting on the 'subway' at rush hour, with hundreds all 'wearing face masks?' How many 'muggers' will be 'laughing' then!?! Do you suppose!?! (Did you recognise their face mask? When they 'mugged' you!?! Duh!!)

Also, it must be remembered, that Corona Viruses, cannot 'live', in certain 'environments', countries where it is 'too hot', where it would not be 'conducive' to/for it? Seasonal countries that have 'winters' would have to 'suffer' re-infection, of its populace, each winter (as it/they 'do' with other 'Corona Viruses = Flu outbreaks') So, it may be, that during the Summer Months, face masks are 'not required/needed'? But... come the winter months, central and local governments, will give/issue 'face masks worn', instructions = AND THOSE WHO 'DON'T?' = CAN BE WILL BE 'PROSECUTED???' AS A POTENTIAL 'HEALTH RISK?' TO THE 'COMMUNITY!?!' (Like car 'seat belts?', 'public smoking?', 'mobile devices whilst driving?' etc, etc.) Depending on an individual's 'interests?', studying history and social/political (social = also includes religious beliefs) over time = recurrent themes = are easily 'observed' = and it is these 'themes' = which reveals the Tattvic Flows!?! War/Peace; Feast/Famine; Success/Failure; Restrictions/Liberties; added into this/these things, is/are of course = the individual? = those who 'rise to the top' = those who 'sink to the bottom' = and the 'mass that just float along!?!'

Many coronavirus that affects/effects humans, comes from 'bats', and many others from 'birds' (Avian-Flu), and they (Coronavirus) have been around for many years (55 million, or more recent types/kinds, the last 8,000 years, depending on the 'species variation') So, its not as if this type/kind of 'thing' is 'new?', but... what is 'new', is the 'new' travel routes, provided by/with the 'host carriers' = us = humans? Bird 'migrations' and the size of the 'flock' were another method, but... these were 'curtailed' by geology and season. Now days, with planes, trains & automobiles and the large numbers of populace located in the one place(?), its just one big 'Virus-Fest!?!'

Only 'time?' will tell? As an 'exercise', many would do well, to read some 'history' of 'pandemics' and their 'social impacts', all of them bring into 'sharp-focus', for civil-populations, what military and conquered nations, know too well, and that is frequent, irrational, illogical, ways/variations of how people 'die?'. The difference in 'pandemics' is that the 'death toll', is 'in' the civil-population, and give the 'option?' of the 'alternative', most 'civil liberties' are curtailed and/or binned, until it the spread of the 'Pandemic' is either 'over' or 'reduced' so that the 'civil-population' goes back to 'sleep?'. (See/read Ophiel's vignette: Acceptance, about 'attitudes/mental stance/positioning').

There is 'nothing new?' under the Sun? And whoever/whatever 'survives' = is the winner!?! And they, the 'winners' will/shall, make/break 'their own', civil-liberties? Those 'leaving?' will 'complain?', those 'staying' will say, 'this is it?', and life will just 'roll along!?!'. Ophiel writes this, in his book: Caballa Magic, chapter 1:

“It would appear, from closer study and research than is given in this little chapter, that the foundations of Caballa Knowledge go back into the dim beginnings of the human race, long before there was a language to express the Knowledge. Apparently, “Mother” Nature, was always there with instinctive, intuitive access to Her secrets, which secrets were perceived then, and are still to be perceived now, by uniting oneself with Her.

Let us use this word Mother Nature for a while. Mother Nature is Isis, the Great Mother of all People and things. She is attached to the Sephirah Binah and is a female Saturn, or the female or negative side of Saturn. Saturn is the positive side. Get used to this idea of different Gods and Goddesses being attached to the same place on the Tree. This sounds impossible, or at least mysterious, but it is not. It is gratifyingly amazing how Mother Nature will reveal Herself to you upon your observing Her works and entering into communication with Her; to be more exact – to enter the **aura** of Her operations – once you have done this you are in tune, or receiving good vibrations from Her, and, while the exact process is unknown to me, She gives Her secrets freely to Her, shall we say, friends?

One example I know of – (except I have no dates at hand, but they can be easily ascertained) – there was an old wise woman in England, who had a reputation as a local good Witch, who had a medicine for dropsy and similar sicknesses in which the body tissues accumulated water. A big shot Bishop was dying of this accumulated water in the tissues, and after the doctors of his day had given him up, his housekeeper slipped him a slug of the Witches brew. And his heart strengthened and pumped the water from his tissues into the kidneys, from whence it was eliminated, and he recovered!

Of course, this recovery attracted the attention of the doctors. They bought the medicine’s recipe from the old woman, and found the medicine was composed of twenty-five herbs. Upon testing, it was found that the herb that did the work was Foxglove or the extract drug digitalis, which is still used for this purpose today. So, the big unanswered question of all this is – how did this old woman discover this quality of this plant? And the answer is – Nature disclosed this “secret” to her by intuition - something in the way of her life put her close to Nature’s forces. I would not know how exactly. **I would have to go through a contact process myself and so would you – but the process is there for all to use freely**. A woman’s body has creative powers as you well know, the power to create and form and build up another life body. This, in spite of all the present bull about the differences in treatment of men and women in life (which I, myself, never did subscribe, too, even way back in my childhood).

The differences in treatment of women should never have been brought about, but for some reason unknown, to me, it came about. When a woman becomes a certain advanced age, her body changes the possible birth creation process, a change called “the change of life.” **THE LIFE CREATION PROCESS THEN GOES TO ANOTHER PART OF THE WOMAN’S**

BODY, LET US SAY TO HER HEAD – AND SHE BECOMES CREATIVELY INSTINCTIVE-PSYCHIC. INSTEAD OF PHYSICALLY CREATIVE. And then when she showed some signs of this enhanced psychic ability, she got burnt at the stake for being a witch, mostly by the sweet, loving Jesus-following Christians!!! So thus, in the beginning, before the dawn of civilization Mother Nature, who is the Caballa, was there, and still is.” End quote.

I would have to go through a contact process myself and so would you – but the process is there for all to use freely = this ‘process’ is being actively ‘pursued’ by/with some members, of this particular Ophiel Magic Group, through the daily practice/doing of the/their basic cosmic egg and/or basic chair exercise, in order to ‘strengthen’, ‘enhance’ and ‘develop’, their psychological tactile-feeling of objects, circumstances, things and/or its, through the definition, three-dimension-ality, symbol-ism, of the/their five basic elemental forces symbols, within them, about them and surrounding them = #1 &+ #0. Tactilely-Feeling the ‘edge’ of each three-dimensional-symbol = Egg, Sphere, Inverted Pyramid, Bowl, Cube = thus, ‘making’ these symbols = AS ‘REAL!?!’ = as is the/their #0, Outer, outer physically physical body = which is!?! = their connection = bridging the ‘gap/space’ = between = #2, Etheric and #0, Outer Physically Physical!?!

#1, Malkuth Earth/Hades Body = Projects/Drives = #0, Outer, Outer Physically Physical Body? So, following Ophiel’s description above(?), and ‘entering’ into the ‘Aura/Egg’, of the ‘general public’, the ‘smart occultist’ = would tactilely-feel = that; washing their hands regularly? Wiping down hard surfaces regularly? Keeping social distancing, as being the ‘New Norm?’ and ‘guide’ themselves ‘accordingly!?!’. Thus, ‘going with the flow?’.

So, there it is, Goldiskey? The description/narrative is ‘long’, because it is being typed, but... the ‘essence’ of it, is there for all to ‘see’, as history ‘repeats’ itself!?! As the Tattva forces ‘swirl around’ again (Cycle round again?), to be/become ‘highly visible’ to those who can ‘see/observe’ it. Hope you are one of them, and it gives you some reassurance.

Wishing you well as ever.

Thank you.
